URBANCOLLECTIVE

URBANCOLLECTIVE offer a revolutionary alternative to traditional camp accommodation. We differentiate from typical worker accommodation offering:

- Contemporary design
- Environmentally sustainable materials
- Functional living spaces
- High quality hotel room equivalent
- Exceeding Australian energy efficient standards
- Structurally superior and built to last
- Design & manufacture to suit the harshest of conditions/environments as standard
- Cost effective products
- Various design configurations and sizes, including multi-storey
- Permanent &/or relocatable
- Fully Certified & fittings are Australian Standards compliant*

URBANCOLLECTIVE are proud to offer:

- Prefabricated offsite construction, to reduce risk & save project time & money
- Reliable & secure capacity to manufacture large quantities in short timeframes (~ 30 buildings per week)
- Delivery to site throughout Australia & Internationally with minimal work required*
- Australian owned & operated company
- Innovative solutions for living spaces & commercial facilities (kitchens, ablution blocks, offices, laundries, gyms, cold rooms etc)
- High quality construction that exceeds both client expectations & Australian building code requirements
- Various delivery options – supply only or installation of full camp
- Flexibility in designs & finishes, according to project requirements, budget or desired aesthetic

We would welcome the opportunity for you to visit our worker accommodation display on the Gold Coast, to see our quality products firsthand and how we differentiate from our competitors.

From accommodation units through to entire camp solutions let URBANCOLLECTIVE assist with your next project.
